

You can have it all with Ikea

HOME furnishing retailer Ikea recently hosted a fun-filled living-room event themed "Be entertained in the Ikea living room".

Customers who visited the Ikea store on Oct 28 were greeted by clowns and magicians at the living-room department, and took part in the many games and activities. Among the crowd pullers were the meatball eating contest, tablet

game, Wii games, and twister; also the children's face painting and colouring contest.

The fun activities were to introduce consumers to the concept of redefining their living-room with new Ikea smart solutions.

This common space in every home, can be turned into a family room, SOHO office, party room or whatever we wish it to be.

Ikea wants to bring the fun back and make your living room fit your lifestyle, with its home furnishing ideas that emphasize on functionality, quality, sustainability and affordable prices.

MBE partners TNT to deliver cash rewards

MAIL BOXES, Etc (MBE) is currently running a year-end promotional campaign with TNT Express, in which customers can expect additional savings and value. The campaign, called MBE-TNT Cash Rewards, will give away an estimated RM60,000 worth of cash vouchers to customers as a gesture of goodwill and appreciation for their support.

The promotion period is from Oct 27 to Jan 31, 2012. Customers are awarded a RM10 cash voucher every

time they spend RM50 and above, and for transactions above RM100, they are eligible to receive a maximum of RM20 (2XRM 10 cash vouchers) per transaction.

MBE provides one-stop solutions that include packing and shipping, mailbox rental and documentation service. It also offers customers a choice of six major courier service providers - including TNT Express - to ensure ease, convenience, variety and rate options.

Studying medicine in Russia

STUDENTS intending to take up medical courses in Russia will be glad to find a Malaysian company representing, and offering placement of students, in four out of the five Russian Medical Universities recognised by the Malaysian government.

These are purported to be the four top-ranking medical universities in the Russian Federation. Russian Resources Sdn Bhd (RRSB) has built its reputation with 14 years of experience in handling every single requirement and procedure to place candidates in their chosen universities.

The company specialises in education in Russia only. RRSB has helped to place more than 2,500 students for medical studies in Russia since 1996. The company has also been placing students sponsored by JPA, MARA, and other governmental foundations.

The number of Malaysians pursuing Medical Courses in Russia has increased tremendously since 2001. Courses are conducted in English. You can find more information on Facebook: "I want to study in Russia" or email them at info@russian-resources.com
